

Islamic Cultural Awareness Training & Mosque Visit For RE Trainee Teachers

Edge Hill University

Tuesday 31st May 2011

Testimonial

“I have had the privilege of using thinkBRITE Services on a number of occasions with different groups of students training to be RE teachers. Waqaus has always provided a well organised, informative and effective experience. The trainees have always found the Islamic Awareness session to be of the highest value and have come away feeling well prepared to teach Islam in schools and with ideas of how to use a visit to a Mosque or a visit from a Muslim to make compelling learning experiences for their pupils”
