

Islamic Cultural Awareness Training & Mosque Visit

For RE Trainee Teachers

Edge Hill University

Testimonial

I have been delighted by the excellent quality of the bespoke training *thinkBrite* Services have been able to offer my trainee teachers.

As beginner teachers of Religious Education my trainees need to get an authentic and informed perspective on Islamic beliefs, lifestyle and practices, so they can be confident that they are delivering RE which will have a positive impact on young peoples' lives.

thinkBrite and Waqaus Ali superseded my expectations in offering an outstanding half day training session in a local mosque. The delivery was friendly, interactive and accessible, yet underpinned by scholarship and knowledge.

I would unreservedly recommend this training to all RE professionals

Francis Farrell
